The Board at its last meeting approved the "Calendar of Events" for the Society for the year 1973. Be sure to mark your own calendar for two very important events -- April 26-- 6:30 p.m. Our First Annual Dinner Meeting at Smith Jr. High - Troy - with Bud Guest and the Heritage Day program on May 22 as our part of Michigan Week in Troy.

It was my pleasure to meet with the Museum Volunteers at their luncheon March 13. Jeanine Jensen and the many volunteers are doing a wonderful job for the community - and we thank all of them. We appreciate the fine work of the Historical Commission also under the leadership of Clint Rose. The Society will have a joint meeting with the Commission in the near future -- we all need to work together -- the Commission -- the Society -- the Volunteers and the newly appointed Historic District Commission.

We will have a joint project for Michigan week -- an essay contest for all school children who live in Troy -- first thru twelfth grade - on some phase of the history of Troy or an event in the history of Troy. The best essays will be read on heritage day and the authors will be given recognition at a program. We expect the students will be flocking to the library, the museum, and to the membership for ideas. Be ready for them. We are fortunate to have the fine cooperation of School Supt. Dr. Paul Liddicoat, the Chamber of Commerce and Donald Melchert who is Michigan Week Chairman. It will be interesting to see what these young citizens of Troy write about, and it will certainly generate a lot of history and events of Troy.

If you have any suggestions -- call one of the officer of the Board. See you at the Dinner -- April 26 -- don't miss this event.
